Congress of the United States

Washington, DC 20515

June 3, 2025

The Honorable Kristi Noem Secretary of Homeland Security U.S. Department of Homeland Security 2707 Martin Luther King Jr. Avenue SE Washington, DC 20528 The Honorable Marco Rubio Secretary of State U.S. Department of State 2201 C Street NW Washington, DC 20520

Dear Secretary Noem and Secretary Rubio:

We write with deep concern about the Department of Homeland Security's termination of Temporary Protected Status (TPS) for Afghanistan, which is scheduled to take effect on July 14, 2025. This decision is devastating for resettled Afghan nationals in the United States who have fled widespread violence, economic instability, challenging humanitarian conditions, and human rights abuses in their home country. Many of these Afghans fearlessly served as strong allies to the United States military during the war in Afghanistan, and we cannot blatantly disregard their service. We respectfully ask that you redesignate Afghanistan for TPS to ensure Afghan nationals in the U.S. are not forced to return to devastating humanitarian, civic, and economic conditions.

The Secretary of Homeland Security "may designate a foreign country for TPS due to conditions in the country that temporarily prevent the country's nationals from returning safely, or in certain circumstances, where the country is unable to handle the return of its nationals adequately."¹ This is why, following the withdrawal of American troops and the return of the Taliban to power in Afghanistan, in May 2022 the U.S. designated Afghanistan for TPS.² In September 2023, the U.S. extended and redesignated TPS for Afghanistan. The Administration's decision to terminate TPS for Afghanistan negatively impacts approximately 9,000 Afghan nationals.³

In your announcement, you state that "there are notable improvements in the security and economic situation such that requiring the return of Afghan nationals to Afghanistan does not pose a threat to their personal safety due to armed conflict or extraordinary and temporary conditions."⁴ But you also concede that threats of violence and terrorism, as well as humanitarian concerns, remain.⁵ The Islamic State Khorasan Province (ISKP), the Afghan affiliate of the Islamic State (ISIS), continues to launch attacks against ethnic and religious minorities and against the Taliban, leading to innocent civilian casualties. If Afghan nationals are forced to return to Afghanistan, they will be caught in the crossfire between the Taliban and ISKP.⁶ According to Human Rights Watch, in 2024, Taliban authorities intensified their crackdown on human rights, especially against women and girls. Women and girls are banned from attending secondary school or university and are unable to move freely.

⁶ Afghanistan: Events of 2024, World Report, Human Rights Watch,

https://www.hrw.org/world-report/2025/country-chapters/afghanistan

The Taliban also continues to detain and torture journalists, curtailing free speech and media. The 2023 U.S. State Department Human Rights Report covering Afghanistan found that women's rights rapidly declined and restrictions on freedom of expression increased. The horrific human rights conditions in Afghanistan are unsafe for Afghan nationals to return to and returning would put their personal safety at immediate risk.

We are also deeply concerned about the State Department Human Rights Report finding that widespread arbitrary and unlawful killings against officials associated with the pre-August 2021 government have occurred.⁷ Afghan nationals who assisted the U.S. military should not be put in harm's way because they supported the U.S. in its fight against the Taliban. This would be a betrayal of those who bravely served alongside our servicemembers for nearly two decades.

Afghan civilians still face devastating humanitarian and economic conditions. Over half of the population in Afghanistan needs urgent humanitarian assistance. Human Rights Watch reports that in 2024, 12.4 million people were facing food insecurity and 2.9 million were at emergency levels of hunger.⁸ The World Bank also found that in Afghanistan, as of May 2025, "per capita income has stagnated, while poverty and food insecurity remain pressing challenges, exacerbated by high unemployment and restrictions on women's economic participation."⁹

The grave conditions that forced Afghan nationals to flee and seek refuge in the U.S. following the return of the Taliban to power remain. Because of this harsh reality, forcing Afghan nationals in the U.S. to return to Afghanistan would be reckless and inhumane, and would threaten the safety and well-being of thousands of individuals and families, especially women and girls.

In August 2021, Americans welcomed Afghan nationals at Washington Dulles International Airport in Virginia with open arms, and we refuse to turn our backs on them now.¹⁰ We strongly urge you to reconsider your decision to terminate TPS for Afghanistan and ask that you respond to the following requests no later than two weeks of receipt of this letter:

- 1. Please provide any reports that credibly determine that conditions have improved in Afghanistan since 2023.
- 2. The TPS termination announcement stated that "there are recipients who have been under investigation for fraud and threatening our public safety and national security." Please provide additional details on how the Administration made this determination and how widespread these allegations of fraud and threats are.
- 3. Describe the collaboration with the Department of Homeland Security and Department of State to reach the determination that Afghanistan no longer meets the conditions for designation for TPS.

- 4. Please provide any reports that indicate the Taliban is no longer a threat to Afghan nationals that assisted the United States military during the war in Afghanistan.
- 5. What steps are you taking to ensure that Afghan nationals who previously had TPS will not be sent back to persecution or torture in Afghanistan?

Thank you for your attention to this urgent matter and we hope to receive your responses soon.

Sincerely,

Member of Congress
